

Dr. David C. Johnson, molecular biologist and research scientist in New Mexico, has developed a system that brings lifeless soils back to life by reintroducing beneficial microorganisms to the soil with biologically enhanced compost.

## **BEST MANAGEMENT PRACTICES: JOHNSON-SU COMPOSTING BIOREACTORS**

**When built and maintained correctly, the static pile Johnson-Su bioreactor never needs turning, never has smells, and does not attract flies.**

---

Join us for a **FREE** hands-on training on Saturday, April 13, 2019.

A limited number of bioreactors will be available for purchase.

Coffee and donuts will be provided at the morning session.

Please bring your own lunch.

Space is limited!

Deadline to register is Monday, April 8<sup>th</sup>

Call the Edgewood Soil & Water Conservation District office at 505-832-1111 to attend.

---

**WE SUGGEST YOU WEAR  
LONG SLEEVES, EYE PROTECTION, GLOVES, AND A DUST MASK.**

## **JOHNSON-SU COMPOSTING BIOREACTOR WORKSHOP**

**Saturday,  
April 13, 2019**

**9:00 AM – Noon**  
Classroom Presentation  
Edgewood SWCD Office  
2506 Route 66, Moriarty

followed by

**1:00 PM – 5:00 PM**  
Hands-On Construction of  
Bioreactor  
East Mountain Seed &  
Garden Coop  
1328 Hwy. 333, Tijeras
